Sheboygan County Health & Human Services

Program: Sheboygan County Birth to Three

Children do different things at different ages. Some babies sit without support at six months old, while others need help until they are nine months old. Some toddlers start talking when they are a year old. Others might take longer to say their first words. If you are worried about the way your baby or toddler is developing, don't wait! The years from birth to age three are so important.
