

2020 Campaign Kickoff & Day of Caring

Every fall, hundreds of individuals and groups across Sheboygan County participate in United Way's Campaign Kickoff and Day of Caring to make their community a better place through collaboration, service and lending their expertise.

With the evolving status of the pandemic along with the needs of our community, this year's Day of Caring will look a different. UWSC is coordinating actions across our county in ways that keeps our partners, staff and volunteers healthy and safe while meeting community needs.

Thursday, October 1, 2020
